Forecast for Saturday 15 Aug 2020

Weather: Low cloud affecting eastern parts at first but this will burn off through the morning to leave clear skies across the region. It will feel warm in the sunshine with high UV levels through the middle of the day. The low cloud will make a return from the east through the overnight period. Light winds throughout.

Chance of cloud free mountain/hill tops above 800m: Low cloud affecting hill tops at the beginning and end of the day in the east but prolonged cloud free skies through the main part of the day.

Visibility: Generally good but poor under low cloud at first.

Met Office Aberdeen Meteorologist's View
Feeling cooler under cloud in the east at first but warming up into the afternoon.

Forecast for Sunday 16 Aug 2020
Weather: A similar day to Saturday with low cloud mainly affecting eastern parts through the morning, we could also see some drizzle in association with this. Clearing into the afternoon to leave sunny spells and a warm feel.

Maximum wind: Easterly 5-10 mph.

Chance of cloud free mountain/hill tops above 800m: High chance through much of the day but low in the east at first.

Visibility: Generally good but poor in the east at first.

Temperature: **Glens:** Plus 10 Celsius rising to Plus 22 Celsius.
At 800m: Plus 14 Celsius
Freezing level: Above summits
